HUN TENTACLES ARE FAST BEING PRIED LOOSE FROM FRANCE

U-Boat Bases in Danger of Capture; 12,000 Boche Captives Taken

HAIG ABOUT TO CRUSH FLANKS OF HUN LINE

Germany's tentacles in France and Belgium today are being pried loose from vantage points to which they have clung since 1914.

Both flanks of the battle line, which reached from the North Sea to Verdun, are in imminent danger of being crushed. Such a blow would shake the whole German front.

In Flanders, attacking the northern flank, the British, French and Belgians have pushed westward until they are directly south of Bruges. At the same time the Allied forces are spreading out toward the coast. They have reached Thourout, ten miles from Bruges. Further progress in that direction will force the Germans to evacuate the channel ports of Ostend and Zeebrugge.

Rainy weather in Flanders is reported to be rendering the advance difficult but already more than 12,000 prisoners have been taken and gains of the highest importance have been made. The road center of Menin has fallen to Haig and Lille is only three miles beyond the British advanced line.

Americans battering the southern flank of the German front are attacking the Kriemhilde line positions northwest of Verdun. In this region the line runs east and west and a break through would enable Pershing's men to pour through into the region behind the German armies. Breaches have been blown in the Kriemhilde defenses but no definite break through has yet been made.

Meanwhile the French continue to advance north of La Fere and Laon. They have taken Pouilly-sur-Serre in this region and threaten to trap the Germans along the Oise from Guise southward, who are in a steadily narrowing pocket.

In the Champagne the French now hold the Vouziers-Grandpre road. This shows that a portion of the northern part of the Argonne forest has been conquered.

The Vienna war office last night admitted the loss of Durazzo, the Albanian base, to the Italians. The official statement indicated the Austrian retreat from Albania was rapid, with the Italians in hot pursuit.

LONDON, Oct. 16.—The British are in the outskirts of Courtrai and have cut the communications of Bruges from the south, Field Marshal Haig's night report on the Flanders operations indicated.

Beyond Bruges is Zeebrugge, the submarine base now in imminent peril of capture.

Haig announced capture of Menin and the taking of 12,000 prisoners and more than 100 guns.

The statement follows:

"The Belgians have reached the approaches of Wyndendale wood and Thourout. The French have reached the outskirts of Lichtervelde and have pushed beyond the Roulers-Lichtervelde railway. The British have reached Le Chat on the Courtrai-Ingelmunster road.

"We have captured Gulleghem and Heule and advanced to the outskirts of Courtrai. The British have also occupied Menin and Vervicq, reaching the right bank of the Lys.

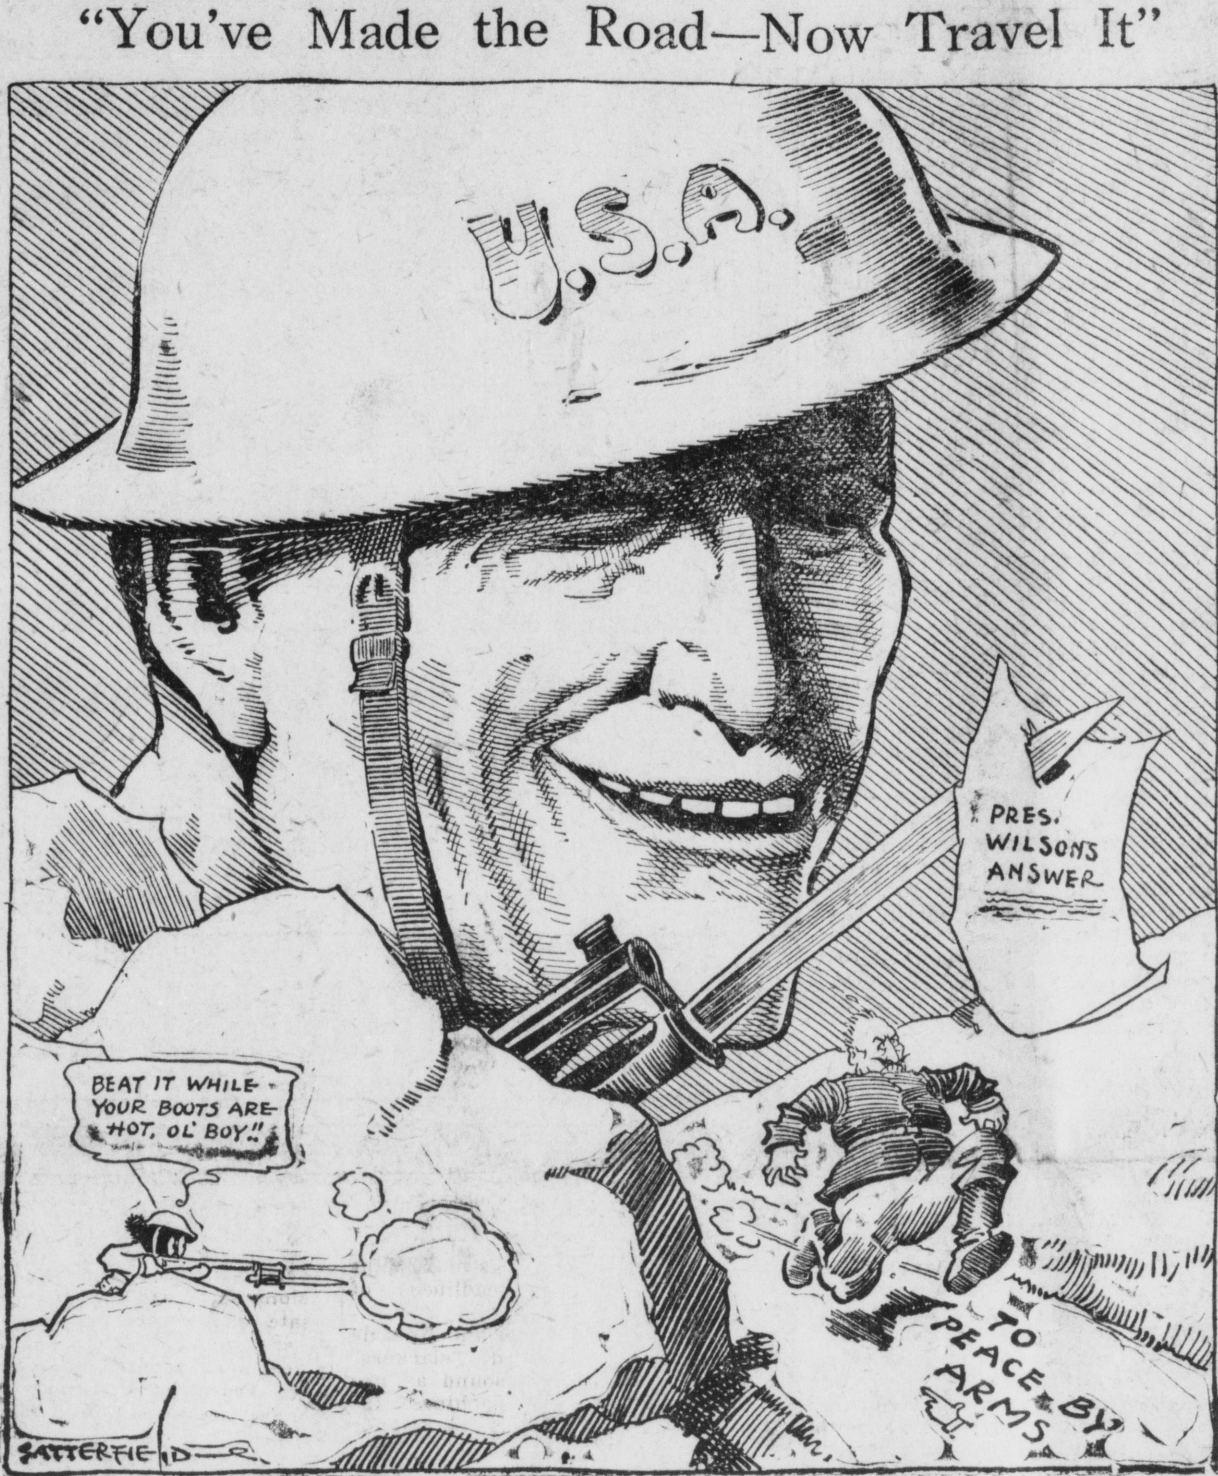

"Since the morning of October 14 we captured 12,000 men and more than 100 guns."

Haig's night report also showed progress north of Lens, where the British took Estevillers, Murchin and Bauvin. He announced gains in the neighborhood of Haucourdin, three miles west of Lille.

The night report of the Belgian war office at Hayre shows uninterrupted progress.

"Belgians and French continue to advance on the whole front," the communique said. "The Belgians progressed several kilometers north of the line of Hanzeme-Courtenack. French troops captured the whole plateau of Hoegelede, Gitz and Githenberg. French cavalry crossed the Roulers-Thourout road and advanced toward Lichtervelde.

"Belgians and British captured Winkelhoeke and Londelede and reached the Courtrai-Ingelmunster railway. Our prisoners here total

OSTEND, ZEEBRUGGE USELESS FOR SUBS

Journey For Under-Sea Pirates to Supply Ports Increased By 500 Miles

BY J. W. T. MASON
(United Press War Expert)

NEW YORK, Oct. 16.—Ostend and Zeebrugge can no longer be used by the Germans as supply bases for their submarines.

The Allied advance into Belgium has already cut the principal railway leading to Ostend by way of Thourout. There remains a second railway which passed through Bruges and branches off to Ostend and Zeebrugge.

French cavalry, however, are approaching so close to this line that it would be foolhardy for the Germans to send over it supplies destined for ultimate capture.

Instead of this sole remaining line of communication being used to carry munitions to the Belgian coast for the U-boats, there is every reason to believe the Germans are trying to employ it to rescue all they can from Zeebrugge before the Allies close in upon those ports.

Forwarding of torpedoes for the submarines to Ostend and Zeebrugge for the destruction of Allied shipping can be undertaken only by way of the Belgian railway. There is no other means of communication. The Germans cannot send torpedoes from Germany's ports of the Belgian coast by submarine carriers. To reload their magazine, therefore, the submarine pirates must now make their way back to German territorial waters after the termination of every raid. Their outward and return trips will add 500 miles to the necessary journeys of the submarines before they reach the lanes of the trans-Atlantic shipping.

This means the pirates must shorten the period they can remain at sea in wait for their victims by several days. Otherwise their supplies will become exhausted. It also means the U-boats must run a much longer gauntlet past the Allied patrol ships off the coasts of Belgium and Holland. There will now be a greater toll of submarines taken than ever before. At the same time, despite the Kaiser's efforts to increase the intensity of his ruthlessness at sea, Allied shipping losses should show a rapid decline.

7000, with 80 guns. A complete regimental staff was also captured. Our airmen are bombing the enemy concentrations."

HUN MUST SURRENDER ARMY AND FLEET, MAY THEN TALK OF PEACE

LONDON, Oct. 16.—Before Germany can obtain an armistice she must surrender unconditionally and the terms of such surrender, according to reliable sources today, are defined as follows:

Complete disarmament and disbanding of the army.

Military authorities think it is also necessary for the Germans to surrender their fleet and permit the Allies to occupy Heligoland. Brussels is favored as the meeting place for a peace conference.

30 ENEMY PLANES WERE DESTROYED

11 British Machines Missing at End of Day's Allied Bombing Expeditions

LONDON, Oct. 16.—Thirty hostile airplanes were destroyed, six driven down out of control, two downed from the ground and one balloon shot down in flames, Field Marshal Haig announced today in his official communication on aerial activities.

British flyers also bombarded the Frescaill aerodrome, damaging a Zeppelin shed and wrecked a hangar. Casualties among the mechanics were noted. The enemy did not fire on the attacking squadrons.

Thirty-three tons of bombs were dropped during the day and thirteen in night attacks. Eleven British planes were missing at the end of the day. The Royal Air Forces, working with the navy, co-operating in the Belgian offensive from October 6 to October 11, were hampered by weather conditions, the admiralty announced. Fourteen tons of bombs were dropped on Ostend, Zeebrugge and Bruges kept under continued observation.

Enemy activity was below normal. Eight hostile machines were destroyed in aerial fighting in the neighborhood of the Belgian front and four were driven down out of control. Two British flyers were missing.

The Rome war office announced that an Italian squad of Caproni airplanes had crossed the Alps and landed at an Italian base in France to be used in conjunction with the Italian divisions operating on the French front.

COL. ROOSEVELT'S COUSIN DIVORCED FROM J. B. BAYNE

RENO, Nev., Oct. 16.—Mrs. Olga Roosevelt Bayne, cousin of Colonel Roosevelt, received her decree of divorce today from Dr. J. Breckenridge Bayne, prominent New York physician. Dr. Bayne was in Reno when the case was called late yesterday but offered no contest. He has just arrived from Bucharest, Rumania, where he had continued in charge of a hospital after the German occupation.

The Baynes were married November 15, 1911. The court decided each should have custody of their six-year-old daughter during six months of the year.

YANKS 'MOP UP' GRANDPRE, TAKE ST. JUVIN HTS., AND PUSH ON

Pershing's Men Go Through German Wire and Showers of Hand Grenades

BY FRANK J. TAYLOR
(United Press Staff Correspondent)

WITH THE AMERICAN FIRST ARMY, Oct. 16.—The Americans have captured St. Juvin heights and have advanced northward from them. Two hundred and forty prisoners were taken. (St. Juvin is just east of Grandpre.)

Plunging through belts of German wire in the face of showers of hand grenades, the men of the First army have mopped up Grandpre, crossed the pass through the Argonne and are pushing on.

Captured German orders stated that Grandpre must be held at all costs.

A new Prussian guard division was encountered in this fighting, making a total of twenty such divisions encountered since the beginning of the American offensive in this region.

At the start of the present phase of the assault the Americans jumped off at 8:30 o'clock in the morning and gained their first objectives at some points with great rapidity.

In many cases there was only slight opposition due to the deadliness of the Yankee artillery fire.

In the region of Cunel and Rois de Foret the Germans used "clackers" which made the same sound as machine guns. These machines led astray our troops searching for the machine gun nests. This was especially the case when the clacker boxes were located behind the doughboys.

South of the Aisne, the Americans are digging in.

U. S. MEN BATTER ANOTHER BREACH IN KRIEMHILDE LINE

BY FRED S. FERGUSON
(United Press Staff Correspondent)

WITH THE AMERICAN ARMY NORTH OF VERDUN, Oct. 16.—Americans are battering another breach in the Kriemhilde line in the region of St. Georges. The enemy is fighting with the utmost desperation.

A break between the Aisne and the Meuse rivers means collapse of the entire German front in this sector.

Should the Americans break through here the enemy's left flank would be shattered and the effects would probably be felt all along the line, which has been shoved back by recent assaults of the Allies further north.

Buzancy is under American shell fire. Dun-sur-Meuse, Stenay and other big railroad centers have been repeatedly bombed by our airplanes.

The way is being cleared for a further advance and the enemy communications are constantly being harried.

The Americans, steadily pushing on, are narrowing the avenue through which the Germans can withdraw.

The rapid gains by the British and French to the northward make it necessary for the boche to offer the stiffest resistance to the Americans in this region to avoid being cut off by Pershing's men taking him in the rear.

There are now indications that the enemy is caving in before the Americans. If he does it means the finish of the war will be on French soil, as communications between the German armies will be cut and they will be doomed.

HILL 299 CAPTURED BY AMERICAN FORCES

WASHINGTON, Oct. 16.—Capture of Hill 299 by American troops after it had changed hands three times is reported in the communique from General Pershing today. The report shows a continued advance on both sides of the Meuse where French and American troops engaged in fierce hand-to-hand fighting with the enemy. Capture of a number of prisoners is also noted.

The communique follows:

"Our troops continued today their attacks on both sides of the Meuse, encountering stubborn resistance from the reinforced enemy East of the Meuse French and American troops have gained ground. West of the river the fighting has increased in violence and our troops have made substantial gains, including Hill No. 299, which changed hands three times.

LAST MINUTE BULLETINS

WILSON'S NOTE DASHED HOPE OF HUNS FOR PEACE

COPENHAGEN, Oct. 16.—German newspapers declare that President Wilson's note has dashed the hopes of peace which were raised by his first reply. Some say Wilson's language is excited as a result of conferences with the Allies.

ACCEPTS ALL CONDITIONS, IF PEOPLE SAFEGUARDED

LONDON, Oct. 16.—According to an Exchange Telegram Company dispatch from Amsterdam, it is reported in Berlin that Germany accepts all of President Wilson's conditions, providing the interests of the German people are safeguarded.

There is a persistent revival of reports that the Kaiser has abdicated.

The report from Amsterdam that Germany has accepted all of President Wilson's conditions is believed here to be approximately correct.

The Nieuwe Rotterdamsche Courant publishes a telegram from Hamburg saying that Germany has "capitulated."

GERMANY'S REPLY TO WILSON'S LAST NOTE DUE TONIGHT

WASHINGTON, Oct. 16.—A German reply to President Wilson's last note is expected tonight, it was learned here this afternoon.

Reports that Germany has accepted President Wilson's decisions as to peace and will capitulate were received with reserve here today. The Government here was in possession of rumors forwarded from London before they were made public.

"Let us not be swept off our feet," was the caution of one of the closest advisors of President Wilson in touch with the situation. "If Germany has capitulated we will hear about it directly from Berlin, and until the news comes from Berlin, go slow."

It was pointed out that these rumors emanated from Amsterdam—"rumor factory of great renown"—and it was warned that they may have been sent out inspired by the German government to affect American morale and kill the last days of the Fourth Liberty Loan.

OPEN INSURRECTION BREAKS OUT IN BOHEMIA CAPITAL

WASHINGTON, Oct. 16.—"Open insurrection" has broken out in Prague, the capital of Bohemia, according to French official cables here late today. Starting with a strike as a result of the government's attempt to export food from Bohemia to Germany, the strike has grown to the proportion of a revolution.

It has spread to other cities and the police are reported to have found themselves helpless in attempting to call troops. Bloody conflicts between the strikers and the police are reported to have occurred.

FRENCH DRIVING AHEAD AT VITAL ENEMY POINTS

PARIS, Oct. 16.—French forces are driving forward today at vital points on the German left flank north of Laon and in the Champagne. The enemy is being pushed back onto the difficult Ardennes country.

Latest battlefield dispatches indicate that the French fifth army is making progress toward Mount Cornet and Vervins. Further to the right Rethel is being outflanked.

BRITISH DRAWING CLOSER TO LILLE

LONDON, Oct. 16.—German forces between Lens and Arras continue to retire with the British closely following them, according to battlefield reports late this afternoon. The British are drawing close to Lille. Belgian cavalry at 9 a. m. was reported 1000 yards from Thielt, between Courtrai and Bruges.

New York Citrus Market

NEW YORK, Oct. 16.—Ten cars oranges and four cars lemons sold today. Orange market easier, and prices \$1 to \$2 lower. Averages, \$9.15 to \$16.05. High-cit price, Old Mission, \$19.12. Lemon market strong, prices are slightly higher. Averages, \$6.10 to \$8.07. Weather fair; temperature at 8 a. m., 48 degrees.

ALLIED FORCES DRIVE WEDGE ACROSS LINE TO BRUGES

Flanders Thrust Gains Additional Victories; Menin Taken, Haig Near Lille

BY LOWELL MELLETT
(United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FLANDERS, Oct. 16.—Allied forces driving into Belgium have thrust their wedge across the road from Bruges to Courtrai, severing another artery of communication to the U-boat base.

French cavalry has swept over Lichtervelde and Thourout, advancing toward Bruges and the sea. Toward the southern end of the fighting front Menin has been taken and Haig's men are in the neighborhood of Haubordin, three miles from Lille.

The Germans are using prodigally the great store of shells in their Belgian coast bases. It is becoming evident they will be unable to save these munitions so the enemy is using them up as fast as possible. Their batteries gave ours a more stubborn response than any other time in recent weeks.

"What's (bang) the peace (bang) news now (bang)?" asked a British officer on the northern front today as the great battle raged and the shells exploded all around. So the conversations were carried on, every two or three words being punctuated by a jarring crash. It was a real two-sided contest.

Although the Germans are forced to spend lavishly their shells to keep them from falling into the hands of the Allies, they had time to remove a considerable quantity of war material before the long-dreaded Belgian offensive was launched.

By transporting much of this to the rear the high command rendered the enemy army fairly mobile. Yet vast stores still line the coast, showing clearly the Germans had no intention of surrendering this terrain.

The Germans knew the Allied attack was coming and tried to forestall it by the use of the tactics with which Foch defeated the last German offensive July 15. The British, French and Belgians were to start at 5 a. m. Three hours earlier the Germans put down a heavy barrage of their own, seeking to break up our troop concentrations.

Peace discussions have taken none of the fighting spirit out of the Allies. All the soldiers were keen for keeping hot after the Huns. I saw a stream of "walking" wounded going to the rear and asked one grinning private where he was hurt.

"I'm not wounded," he said, "I'm on leave."

I asked what he was doing there and he explained that his leave began today but he got special permission to fight, fearing that this might be the last battle of the war and feeling hungry for another go at the enemy. That's the spirit of the men.

On the other hand many German prisoners frankly announced that they had had enough—"fed up" as the British might put it. This spirit is not general throughout the German army, however. The fighting of the Bavarians in this battle has surpassed any German battling seen in France or Flanders since the tide turned. The Sixth Bavarian division, for example, pushed its way through the British barrage and established machine gun nests behind it. Like sportsmen the men of General Plummer's British army saw and appreciated the action and praised it.

PARIS, Oct. 16.—Capture of Acy-Romance, in the outskirts of Rethel, was reported today by the French war office. Progress north of Sissons toward Laon was noted. The statement said:

"During the night we made slight progress northward of Sissons. North of Aisfeld, near St. Germain, we stopped a violent German counter attack supported by much artillery. South of Rethel we took Acy-Romance."

LONDON, Oct. 16.—"Our patrols gained ground slightly last night in the Douai and Lille sector," Field Marshal Haig announced today.

"There is nothing further to report."

SACRAMENTO, Oct. 16.—California has just received a check from the Federal Government for \$108,603.36. It represents 25 per cent of the income received from U. S. forest reserves in this state in the past year. Lumbering operations, stock grazing, etc., furnished this money.

'FORCE WITHOUT STINT' THEORY IN PRACTICE

Government Proceeds With War Program Just As If Notes Not Been Sent

By ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, Oct. 16.—Upon a growing dissatisfaction in Germany over Kaiser rule authorities here today based the view that the Hohenzollern power will soon crumble and that the Wilson peace terms will then be accepted.

Both openly and guardedly the Teuton press is voicing its dissatisfaction with things as they are in Teuton political life. This comment expressing discontent with the Kaiser's autocratic power is now becoming so general that the all-powerful German censor apparently does not dare kill it.

Authorities here believe that even the most loyal of the Kaiser's subjects will begin to appreciate soon that the murder master is the only thing standing in the path of peace and will realize they are fighting a losing fight.

The state department is keeping a collection of German press comment gathered by its agents in countries near Germany.

The department withholds this generally lest it raise American ideas of an early peace unduly.

In this connection it may be said the government is now proceeding with the war just as though the peace notes had not been exchanged. The military authorities are disregarding peace prospects through diplomacy entirely in their plans and calculations. They are arranging "force without stint"—going on the theory that so far the most convincing argument with a German is a "bullet in his head."

Authorities look for the early collapse of Turkey. Her request for peace will probably be answered by the Allies with a demand for unconditional surrender to be arranged with the commanding general, along lines similar in scope to those applied against Bulgaria.

From Turkish collapse to disintegration of the Austro-Hungarian empire is regarded as no far cry. With these last props gone it is felt here the Germans will listen to reason rapidly—will see that Kaiserdom is a poor investment.

One point which is causing a vast amount of discussion is what will occur over the demand for return of Alsace-Lorraine to France. This has been regarded as a sticking point but it is felt here Germany's military situation is such that she cannoticker

over this matter now. If she does not choose to accept an armistice and democracy, Foch's armies will settle the Alsace-Lorraine question.

Reports of anti-Kaiser demonstrations in Germany, plus imminent trouble from the Poles and Slavs to the west, are big factors in the peace situation.

Democratic circles are receiving indications that distinct movements are afoot in Poland, Bohemia and Moravia looking to throwing off the German and Austrian yoke. Concerted action between Poland and the Czech-Slovak state may force the early withdrawal of Austria and create a grave situation in the east for Germany. The Czech-Slovaks in Moravia and Bohemia have completed their political organizations and are awaiting a favorable opportunity to declare their independence.

Berlin cables show the Polish regional council at Varsova has declared for incorporation of Prussian Posen and Austrian Galicia in the new Polish nation. The Poles apparently see a chance to rid themselves of German domination while the Teutons withdraw their Near East garrison. But it is deemed likely Germany will try to retain a grasp on Poland.

PEACE OFFENSIVE OF KAISER FAILS

Hohenzollern Throne Rocks; German People May Finish What Wilson Started

BY J. W. T. MASON
(United Press War Expert)
NEW YORK, Oct. 16.—Germany's peace offensive has failed. The Kaiser's effort to save himself from defeat by the use of crafty words has met the same fate as his military offensive. Henceforth nothing remains for Germany but the unconditional surrender of her military and diplomatic autocrats.

President Wilson's reply will cut deeply into the German morale.

It is worth more than many army corps to the Allied cause, for its disintegrating work will be effective not only among the soldiers in the field, but also among the German people at home.

Three months ago when the Americans drove a German army across the Marne the Kaiser knew America was arriving at military maturity and ordered his defeated troops to start for home.

Today the Kaiser knows his diplomatic note writers have likewise been trapped by Wilson's greater skill.

The strategy of the situation is wholly on the side of democracy. The exchange of notes has revealed the Kaiser to his people shorn of his divine right and humbly petitioning the democratic nations for an armistice.

But it is not enough and so the Hohenzollern intimate of Gott has even promised to abandon the conquered territory, for whose possession two million Germans have been killed or permanently injured.

And still it is not enough. No absolute monarch can long cling to his prerogatives when his impotence is thus shown to his victims.

President Wilson has set the Hohenzollern throne rocking. There can be no question but that the Kaiser is now in jeopardy of losing his crown by an act of expiation on the part of the German people. What the President has started it is better for the German people to finish.

26 BIBLE STUDENTS WILL BE TRIED AGAIN

LOS ANGELES, Cal., Oct. 16.—The U. S. attorney's office announced today that E. D. Sexton and twenty-five other members of the International Bible Students Association would be tried again on charges of circulating alleged seditious literature. At their trial a few weeks ago the jury disagreed.

FOREST FIRES OF INCENDIARY ORIGIN?

DULUTH, Minn., Oct. 16.—Suspicion that some of the forest fires that swept thousands of acres of northern Minnesota timber land and burned to death more than 600 persons were of incendiary origin was admitted today by officials who have toured the stricken districts. More than 600 bodies had been found today and it was believed the death toll will be considerably increased when reports are received from isolated bands of searchers. Work of providing food and shelter for survivors was proceeding satisfactorily.

\$30,000 PAYROLL INCREASE EVERY MONTH FOR THE P. E.

LOS ANGELES, Oct. 16.—Thirty thousand dollars more a month was added to the Pacific Electric's payroll beginning today. For the third time in the present year the railway has given a voluntary wage increase to its men. The raise affects all branches of the company's service, including the mechanical, electrical and signal departments.

300,000 Persons In Illinois Affected By Disease; Drastic Closing Planned

CHICAGO, Oct. 16.—City and state health authorities were to meet here today to give their final decision on closing churches, saloons, cabarets, schools, poolrooms and ice cream parlors as the result of influenza.

An order closing theaters and moving picture houses went into effect yesterday throughout Illinois.

During the last twenty-four hours there were 317 deaths from the epidemic in Chicago. There were 221 new cases reported in the city.

According to reports compiled by Dr. C. St. Claire Drake, state health commissioner, the disease has affected 300,000 persons in Illinois.

BELIEVE 'FLU' CURBED NOW IN SAN DIEGO

SAN DIEGO, Oct. 16.—The influenza epidemic here is curbed, it is stated by the health officials, although the strictest regulations regarding quarantine are still observed as a precaution. There have been a total of 103 cases reported, with three deaths. But forty-four cases were reported for Sunday and Monday. Thousands of gallons of the throat and nose spray given out by the city have been used.

TWO SOLDIERS FROM THIS COUNTY DEAD BY GRIP EPIDEMIC

One Passes Away at Houston, Tex., and the Other at Philadelphia

FULLERTON, Oct. 16.—Two Orange county men have died at army camps of pneumonia. One of them is Dean B. Nethaway, son of K. E. Nethaway of Brea. He died at Camp Logan, Houston, Texas, last week, after a brief illness with pneumonia. Dean Nethaway was 27 years old and was almost a perfect specimen of physical manhood. He enlisted in the army at Los Angeles and after a short preparatory course at Berkeley he was assigned to the 124th Depot Ordnance Corps stationed first at San Antonio and later at Camp Logan, Houston, Texas. At the time of his death he was orderly sergeant.

Mr. and Mrs. Lev of Yorba Linda have been notified of the death of their son in a military hospital in Philadelphia. He was a victim of Spanish influenza. He was ill only three days. He has been in the naval reserve for several years. Besides his mother and father he leaves a young bride, married in August.

Twenty-Four Patients Added to the List of Those at Fullerton

Three deaths from pneumonia have occurred in the last twenty-four hours and twenty-four new cases of grip, influenza, have been reported from Fullerton.

Last night Miguel Ruiz of Santa Ana died at the county hospital of pneumonia following grip. Philip Lopez, member of a well known family at Santa Paula, died at Delhi last night of pneumonia, and Rafael Deander died this afternoon.

While no quarantine orders have been found necessary by local health officials no harm can come from avoiding crowds.

NO COMPETITION FOR WAR BONDS HEREAFTER

WASHINGTON, Oct. 16.—Liberty bonds hereafter will have no competition during loan campaigns. Treasury officials today cleared the path for all future war loans by absorbing bonds issued by the federal farm loan board.

The order announcing that no more farm loan bonds will be offered to the public simultaneously placed complete treasury control over every issue of stock or bonds above \$100,000 and in effect the United States treasury becomes supreme in deciding where the nation's finances shall be used. Issues of stocks or bonds by private interests have been under supervision of the capital issues committee of the treasury since February.

Officials of the farm loan board stated there is not likely to be any farm loan bonds offered to the public, even through the treasury, until long after the war ends. Proceeds of bonds sold last June are believed to be sufficient to meet loaning requirements of the banks until after January, 1919. Bonds now held by loan banks will be turned over to the treasury.

3300 CASES OF INFLUENZA NOW IN LOS ANGELES CITY
LOS ANGELES, Oct. 16.—Up to 1 p. m. today 409 cases of influenza had been reported to the city health department. There were fifteen deaths. This makes the total number of cases approximately 3300 in Los Angeles city.

13,156 CASES INFLUENZA, IS STATE TOTAL TODAY
SACRAMENTO, Oct. 16.—Reports to the State Board of Health today showed there are a total of 13,156 cases of Spanish influenza in the state. It is believed that the health board reports are not complete.

Three thousand and twenty-four cases were reported today, against more than 3600 yesterday.

HOUSE COMMITTEE DEFICIENCY BILL, STAGGERING
WASHINGTON, Oct. 16.—The house appropriations committee today reported the deficiency bill carrying \$6,345,755,666, the largest deficiency bill in history.

Six billions, 102 million dollars was provided for the war department to finance the enlarged army program. The navy was given appropriations totaling \$107,000,000.

The bill brings the total appropriations for this congress to \$36,000,000,000.

Large items in the bill are: \$1,600,000,000 for army pay, transportation, and sustenance; \$1,093,000,000 for field artillery; \$1,250,000,000 for field artillery ammunition; \$28,000,000 for navy training camps.

The bill appropriates a quarter million dollars to establish government farm and gardens on which enemy aliens now interned will be put to work.

PARIS PAPERS ELATED AT PRESIDENT'S REPLY

PARIS, Oct. 16.—Paris newspapers greeted President Wilson's reply to Germany with strong approval.

"Wilson doesn't let things drag. The latest document is so clear that it will rejoice all the Allies because it responds to their wishes," said La Liberte. "All vulgarly speaking Germans thought they had put the president in their pockets but Wilson outplayed them."

The Intransigent says: "Those in France who for an instant doubted Wilson's perfect insight can now make honorable amends. This honest American negotiator is more clever than the plotting gentry in Berlin."

The Temps, heading its article "A Straight Stroke," said: "Unanimously the Allies will reply that Wilson is right. Conditions of the armistice must give guarantees of advantages victory will bring if we go on until the end came by strength of arms."

JOHN AITKEN, 1916 WINNER SANTA MONICA RACE, DEAD

INDIANAPOLIS, Ind., Oct. 16.—John Aitken, one of the best known automobile race drivers in America, died here yesterday of pneumonia following an attack of influenza. He had participated in most of the big automobile speed contests since that sport became popular. He was 33 years old.

John Aitken was particularly well known in Los Angeles. He won the Grand Prix at Santa Monica in 1916, driving his famous Pugeot to victory. During that season he led in total points scored in sanctioned races, Auto Kest being second.

Aitken was one of the officials of the Indianapolis Speedway.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make nerves strong."—Mrs. ALBERT SULTZ, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pain, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

PROPOSE RECALL ON FIGHT ON HARRY BROSLASKI, REDONDO BEACH, OCT. 16.—As an aftermath to the sensational developments at the meeting of the Board of Trustees, during which former Mayor Harry Broslaski was ousted from office, an effort to recall Broslaski from the council is now being discussed by his political opponents. It is stated that petitions asking that such an election be called will be circulated in the near future. Broslaski left at the close of the meeting for San Francisco, and it is regarded as problematical whether he will fight such an election. Captain H. W. Broslaski, his father, believes that his son will make no great effort to be retained in office.

NEW RECORD IS SET, \$19 PER BOX PAID FOR ORANGES

Demand For Orange Juice Sends Citrus Prices Toward the Sky

Yesterday \$19 a box was paid for orange county oranges in New York.

That is the highest price on record for oranges. With eastern doctors recommending that orange and lemon juice be given influenza patients, there has come an unprecedented demand for the two fruits at a time when the supply is low.

Last year \$12.50 was a record price per box. Recently, late Valencias have been climbing gradually. Tuesday the best brand of the San Joaquin Fruit Company brought \$16.50 per box, and that was a new record price. That price was paid for Huck Finn brand, the association's standard brand.

Yesterday in the New York market oranges jumped to \$19 a box. That price was paid for a car of the Senator brand, put out by the San Joaquin Fruit Company. That brand is not the association's best brand, either, its best grade being the President.

Remarkable prices will probably prevail for the next few days, and a golden harvest will undoubtedly come to the three associations of the Tustin section, and all other growers, who have oranges just reaching the eastern markets.

The Tustin Hills Citrus Association has at least twenty-five cars on the way, the Golden West Citrus Association has twelve and the San Joaquin Fruit Company has two. There are probably six cars more to be shipped by Tustin Hills. The Golden West and the San Joaquin have no more Valencias to ship.

The houses are getting out lemons for eastern shipment. Owing to the fact that orange juice does not take sugar for serving as do lemons, the orange demand has been greater than the lemon.

FORMER HUNTINGTON BEACH ENGINEER IS DEAD OF WOUNDS

Word that Lieut. Joseph L. Rodman of Co. E, One Hundred and Seventeenth Engineers, died at the Walter Reed hospital in Washington, D. C., a week ago of severe wounds received in action last spring, at which time he was decorated with the Croix de Guerre, has been received by his second cousin, Willoughby Rodman well-known attorney of Los Angeles.

Lieut. Rodman was a construction engineer for the Pacific Electric at Huntington Beach, where he made his home before his enlistment. He was a special contributor to the Engineering News and the author of a number of magazine short stories. He was born in Kentucky thirty-eight years ago and raised in Texas, where his mother and two sisters now live, and where he will be buried.

Shortly before Lieut. Rodman was wounded, he had been promised a captaincy, but later was not able to receive it because of his serious disability. He was first sent to a Paris

SCHOOL BUILDING IS HELD UP BY THE FEDERAL RULE

Santa Ana Mexican Structure Will Not Be Allowed, Says Cubbon

Construction on a building of the Fullerton Union High School was stopped yesterday by the Priorities Construction Committee of the County Council of Defense.

F. L. Andrews, secretary of the Santa Ana board of education, was notified by John Cubbon, chairman of the priorities committee, that the school board would not be allowed to build the Mexican school that it planned to build on East Washington avenue.

The building at Fullerton was for the manual training department, and was well under way when the committee, acting under the rules sent to it by the federal authorities, called a halt.

The Santa Ana school board has ordered lumber and plumbing for the Mexican school.

TWO MILLION LOSS IN SEATTLE BLAZE

SEATTLE, Wash., Oct. 16.—Fires sweeping the Great Northern oil piers were still burning fiercely at 8 o'clock this morning, despite the efforts of all the city's marine and land fire apparatus, aided by a heavy downpour of rain which has been falling for four hours. The flames burst out at 11 o'clock last night.

Losses are estimated at \$2,000,000. The cause of the fire has not been determined.

Two Japanese liners, the Fushimi Maru and the Yusen Kabushiki Kaisha, trapped by burning oil on the waters of the bay, were forced to remain within 100 feet of the intense billows of flame. They are believed to be safe.

Canvas was thrown over the sides while Japanese sailors kept streams of water constantly playing on the sides of the vessels to keep the steel plates from warping.

No deaths or serious injuries to fire fighters have been reported.

The Fushimi Maru early today was able to get a line to a tug and was pulled further from the danger zone.

Flames from the burning soya bean, peanut and rape seed oil leaped hundreds of feet in the air and lighted up the entire bay coast.

The Mitsui Company, Limited, who owned much of the oil, says its losses will reach \$1,500,000. All losses were well covered by insurance.

A fire wall erected across the center of the oil pier last year saved the shore half of the dock. Monitor sprinklers saved the municipal terminals, which are valued at more than \$1,000,000.

Santa Ana quota.....\$1,472,250

Santa Ana is travelling rapidly toward the top. With workers for the Fourth Liberty Loan bending every effort, the top of the long pull is in sight. With a determined altogether movement these next three days, Orange County and Santa Ana are going to over-subscribe the loan.

It is going to take work, and it is going to take all that can be raised, but the enthusiasm with which the people have been responding to the last call means success, if it keeps up—which it will.

This was the sentiment expressed at today's luncheon of the Santa Ana loan drive committee. City Chairman J. C. Horton expressed that sentiment, and he was joined in it by E. A. White, who has secured \$35,000 of the \$50,000 that is to match James Irvine's \$50,000; P. A. Robinson, who is one of the seven in the \$55,000; Mrs. W. L. Grubb, who with Mrs. J. Dick Wilson this morning went out and got twenty women to add \$500 each to their subscriptions; W. L. Grubb, A. N. Zerman, L. M. Doyle, Earl Matthews, A. J. Lashby and others who made reports at today's luncheon.

The committees are going hard, covering lots of ground, and they are meeting with a response that shows Santa Ana people are essentially patriotic.

The committee is to meet at lunch at James' Cafe again tomorrow. Earl Matthews said that he got a \$50 subscription from a German, who though registered as an alien enemy, is not an enemy of this country. The German had been sick, and owed money, but he borrowed \$5 from his employer and volunteered to sign for a bond.

Those in the \$5,000 subscriptions being raised to match Irvine are A. J. Visel, Jesse Dinsmore, H. A. Wassum, G. W. Ford, P. A. Robinson, C. W. McNaught and E. E. Wilde.

BETTER SALARIES FOR MINISTERS IS PROPOSED

More pay for ministers and improvement of church properties in the West will engage the attention of the conference of the Methodist Church, South, which opened here this morning at Spurgeon Memorial Church for its forty-ninth annual session. The conference will close Sunday night.

The meeting is not as largely attended as usual because of the epidemic of Spanish influenza. The session opened this morning about 9:30 o'clock. Three former pastors of the Santa Ana church are here. They are Revs. D. Scarborough, Geo. S. Clark and A. F. Stem.

Some of the big men of the church present are Bishop H. M. Dubose of San Francisco; W. H. Nelson, editor of the Pacific Methodist Advocate at San Francisco; C. P. Moore of Los Angeles, field secretary of the Sunday School for California; Rev. H. A. Boaz, general secretary of the Church Extension Board, Louisville, Ky.; Rev. O. E. Goddard, secretary of the Home Missions; Rev. R. H. Bennett, head of the correspondence school for young ministers; Rev. A. S. Neblett, general secretary of the centenary anniversary, all of Nashville, Tenn.

One of the main business matters to come before the conference is the raising of a \$100,000 fund throughout the denomination during the next two years for the improvement of church properties in the West and increasing the pay of ministers. By increasing salaries it is believed a higher type of ministers can be secured for the churches of the denomination.

Short on Ministers

The war has hit the church pretty hard and efforts will be made to develop some plan for encouraging bright young men to prepare themselves for the ministry. Many of the pastors have gone into the army as chaplains. Y. M. C. A. and Red Cross workers, while many young men who were attending the theological schools have been drafted or volunteered to go into the battle lines to do their all in whipping the enemy.

Several important changes in pastors will be made, because of certain pastors having gone into war work. Rev. Geo. B. Bond of Long Beach is a chaplain and his place will have to be filled. Rev. Sims, who has been at San Diego, will be returned to Phoenix, it is said, because he wishes to get back there for the benefit of the health of his wife.

Bishop Dubose, at this morning's session, expressed his pleasure at being back on the coast again, after thirty years' absence. For thirty years prior to his appointment last year as bishop, he had been in the East in literary pursuits connected with the church.

Afternoon Session

This afternoon's session consisted of an address by Dr. A. J. Wailes, pastor of the First Methodist Church of Phoenix, Ariz., and round table discussions, in which addresses were made by Dr. C. D. Bulla of Nashville, Tenn.,

general secretary of the organized sabbath service, and Dr. Phillips, general secretary of the Interdenominational Sunday School Federation of California.

This evening at 7:30 Dr. Bulla and Dr. Phillips will deliver the main addresses.

Tomorrow's session starts in the morning at 8:30 o'clock.

It is understood that because of the possibility of the sessions being closed by order of the city health officers, the appointment of pastors will be taken up at once. Bishop Dubose has made a change in the time-honored custom of withholding information of the appointments to the last hour of the conference, and has advised pastors that they may feel at liberty to approach him at any time to ascertain their assignment after the appointments are made by the cabinet. The assignments, however, will not be publicly announced until at the closing hours of the conference.

List of Delegates

Following is a list of the pastors and delegates in attendance:
H. M. Dubose, C. D. Bulla, R. P. Howell, D. Scarborough, C. P. Moore, J. R. Neff, Chas. E. Milliken, L. F. Sensabaugh, Alvin Andrews, R. K. Acuff, Eustace Anderson, Geo. S. Clark, Geo. W. Forman, C. DUCK HUNTERS FIND BIRDS SCARCE AND MOST OF THEM TEEL

The opening of the duck season this morning was not as much of a bombardment as usually marks the opening day. The reason for the light shooting was that ducks are exceedingly scarce. Most of them are small ducks, too.

The road hunters played in poor luck. Many of them returned without getting a shot. The Santa Ana club had some fair shooting. O. K. Forgy got nineteen birds, and most of the members got at least a dozen.

MRS. ISAAC A. LOTHIAN OF SEAL BEACH IS DEAD

LOS ANGELES, Oct. 16.—Word reached here last night of the death in Baltimore, Md., of Mrs. Isaac A. Lothian, president of the Seal Beach Red Cross chapter and wife of the president of the Central Oil Company of Los Angeles and vice-president of the Bayside Land Company, owners of Seal Beach.

Mrs. Lothian had suffered for a year with a throat affliction sometimes experienced by singers. She had studied music abroad and had done some concert singing before her marriage. She had been undergoing treatment at the Johns Hopkins hospital in Baltimore, but none of the specialists who attended her could afford her relief.

Mr. and Mrs. Lothian were married in Ohio three years ago. She was formerly Mary Elizabeth Beer, daughter of the late Judge Beer of Bucyrus, Ohio. Her husband, who resides at the Jonathan Club when in this city, has been with his wife during the past four months. She will be taken to Ohio for burial.

GETS \$15,000 AWARD FOR LOST AFFECTIONS

LOS ANGELES, Cal., Oct. 16.—Whether S. K. Bennett, originator of the "Garden of Girls" idea for farms on which women were to reign supreme, would appeal from the \$15,000 alienation of affection verdict against him, still was undecided today. The verdict was won by Dr. Samuel F. Danielson, pioneer physician, who charged Bennett alienated Mrs. Danielson's affections. Mrs. Danielson now is said to be in Sacramento.

We're Offering Now the Lowest Prices on Blankets

That you'll see this year

The Blankets we are offering this season were bought a year ago at the low prices prevailing at that time, which accounts for these exceptional values:

"WOOLNAP" Plaids, all colors,
Size 66 by 80 inches \$5.50

—This is an exceptional offering, as these blankets are quoted on the wholesale markets at exactly this figure.

—Plaids in tan, blue, pink, and gray, in a make universally known for its washing and wearing qualities. Only a limited stock on hand.

"WOOLNAP" Plaids, all colors,
Size 72 by 84 inches \$6.50

—Exactly wholesale price on this size, for a limited time, and limit of two pairs to a customer.

—These blankets are all cotton, but the yarn is carded and spun in a way to make a very soft, fluffy blanket, that looks like and wears like wool.

ALL-WOOL Plaid Blankets,
Size 68 by 80 inches \$8.50

—All wool, both warp and filling, and strong and heavy construction, a blanket that will give service a life time.

—Block plaids, in colors of gray, blue, tan, and pink, full double bed size.

PART-WOOL Plaid Blankets, sizes
68x80, and 70x80 inches,
from \$6.00 to \$15.00

—The wanted colors in plaids, also white, and solid gray.

—The better qualities of the part-wool are shown in cotton warp with fine all-wool filling, affording a construction that is soft and fluffy, giving warmth without excessive weight.

—All-Wool Blankets in large sizes in white and gray, and a few plaids are shown at \$10.00 to \$15.00.

NOTICE:

These are the Government's rulings concerning Christmas Shopping:

- 1—Retail interests are not to increase their forces by reason of the holiday business over the average forces employed during the year.
- 2—Normal-working hours will not be lengthened during the Christmas season.
- 3—Retailers will use their utmost efforts to confine Christmas giving, except for young children, to useful articles.
- 4—Every effort will be made to spread the period for holiday purchasing over the months of October, November, and December.
- 5—Deliveries will be restricted and customers will be asked to carry their own packages wherever possible.
- 6—Announcements of the new policy will be made by retailers in their newspaper advertising.

It should be noted also, that packages for all points outside of Santa Ana must be mailed on or before November 30th.

ALLIES UNIFIED IN ALL WAR WORK

Virtual Inter-Allied Pools Established For Supplies, Ships and Airplanes

BY CARL D. GROAT
(United Press Staff Correspondent)
WASHINGTON, Oct. 16.—Unity now holds sway in American-Allied war work.

Centralization, which started with unification of command under General Foch, has now been extended to every branch of the war service. Virtual inter-Allied pools have been established for supplies, ships, airplanes, transportation and dockage.

The latest important programs to come under co-ordinated control are the vast airplane production and operation schemes and the tremendous transportation question.

Unity and co-ordination have become concrete under the latest consultations of American and Allied officials. Each nation is going ahead with airplane work on lines for which it is best equipped.

This will probably mean that considerable United States effort hereafter will be directed to Liberty motor construction, while assembling will be done abroad to a greater extent than heretofore. Assistant Secretary of War Ryan, air director, said:

"We are like a group of neighbors, all with farms. Bill Jones goes up to market today. Maybe he hasn't a full supply of all the kinds of produce the market wants. So he stops along the way and gets some of Tom Smith's products and then some of John Jones' and so on.

"In this way he delivers a full load at the market. That's what we're going to do. One nation will be Bill Jones and so on. The point is we are all good friends, pulling together and delivering the goods."

A joint war in the air is forecast as the result of airplane unification.

BABYLON

If Germany fails to accept promptly and completely the terms of the Allies, there is but one fate left for her—the fate of ancient Babylon foretold by the Prophet Jeremiah.

It would be a fitting end, for the parallel between Nebuchadnezzar and Wilhelm, Babylon and Deutschland, the Chaldeans and the Germans, is a striking one. In each case it is a record of godless violence and ambitious aims of world-conquest. Jeremiah's flaming words are as apt today as when first uttered twenty-five centuries ago.

"Behold, I am against thee, O destroying mountain, saith Jehovah, which destroyest all the earth; and I will stretch out my hand upon thee and roll thee down from the rocks, and make thee a burnt mountain. And they shall not take of thee a stone for foundations, but thou shalt be desolate forever."

"Set ye up a standard in the land, blow the trumpet among the nations, prepare the nations against her, appoint a marshal against her, cause the horses to come up as the rough canker worm. Prepare against her the nations, the governors thereof, and the deputies thereof, and all the land of their dominion."

"The land trembleth and is in pain; for the purposes of Jehovah against Babylon do stand, to make the land of Babylon a desolation."

"The mighty men of Babylon remain in their strongholds; their might hath failed. Her dwelling places are set on fire, her bars are broken. One post shall run to meet another, to show the king of Babylon that his city is taken on every quarter, and the passages are seized, and the men of war are affrighted."

"For thus saith Jehovah of Hosts, the God of Israel: The daughter of Babylon is like a threshing-floor at the time when it is trodden; yet a little while, and the time of harvest shall come for her."

"Nebuchadnezzar the king of Babylon hath devoured me, he hath crushed me, he hath made me an empty vessel; he has, like a monster, swallowed me up; he hath filled his maw with my delicacies, he hath cast me out. The violence done to me and my flesh, he upon Babylon, shall the inhabitant of Zion say, and my blood be upon the inhabitants of Chaldea, shall Jerusalem say. And Babylon shall become an astonishment and a hissing."

"They shall roar together like young lions, they shall growl as lions' whelps. I will bring them down like lambs to the slaughter."

"And I will execute judgment upon Baal in Babylon, and I will bring out of his mouth that which he hath swallowed up, and the nations shall not flow any more unto him."

"The sound of a cry from Babylon, and of great destruction from the land of the Chaldeans! For Jehovah layeth Babylon waste, and destroyeth out of her the great voice, and her mighty men are taken, their bows are broken in pieces; for Jehovah is a God of recompense, he will surely requite."

"The broad walls of Babylon shall be utterly overthrown, and her high gates shall be burned with fire; and her peoples shall labor for vanity, and her nations for the fire, and they shall be weary."

It is a tremendous arraignment and a tremendous doom. Germany has earned both, as much as Babylon ever did. She is now seeking to escape from the wrath to come. There is a way of escape, through repentance and restitution—but will she choose that way? If not, the fate of Babylon be hers!

THE GREAT BARGAIN

We are urged everywhere to buy bonds to back up the boys, and that alone is sufficient reason for buying. The plain advantage to the buyer, be the war long or short, should act as a further spur if one is necessary.

Not the high rate of interest, but the security of an investment, is the test of its worth. That security depends upon the intrinsic value of the property back of it, and the honesty of the people handling it.

The value of the property back of the Fourth Liberty Loan is inestimable, for it is the soil of the United States and everything in and upon it.

Standing on this soil is uncut timber worth more than \$48,000,000,000. There was raised upon it last year more than \$3,000,000,000 worth of corn, and \$1,000,000,000 worth of wheat, while the oats alone sold for more than enough to pay the annual interest on all the bonds at the end of this drive. There comes from our coal mines upward of \$300,000,000 a year. Our iron supply is almost as great as our coal. We produce 65 per cent of the copper of the world. Our steel manufactures for last year alone totaled more than \$1,000,000,000. And yet the half has not been told of the resources guaranteeing the value to the investor in Liberty Bonds.

As to the honesty of the handlers, the United States has been in business for 142 years, and has never yet failed to pay interest when it was due, or to meet its notes at their full value. It is to be remembered, too, that the United States government is not one man, or one small set of men, but it is the people themselves, and of these the vast majority are honest.

The U. S. Liberty Bond surely must present itself to any shrewd buyer as an investment well worth while, to be viewed with pride and a sense of security. Its foundations are the foundations of old earth itself, and the citizen holder of the Liberty Bond is personally responsible for the honest administration of the loan. A man can go to sleep or die happy in the knowledge that here at least is one investment in which there is no lurking danger that his wife has been robbed or his children cheated.

It is said that the meat situation in Germany is very serious. Here's the only consolation we can offer—the worst is yet to come.

Riverside County For Stevens
From the Riverside Press

Governor Stephens was everywhere received with cordiality and enthusiasm, and he gave a message to the people that was straight from the shoulder and full of patriotic fervor. The governor has radiated patriotism and been an inspiring leader in war activities ever since America entered the war, and in this peace crisis he certainly talks sound sense. He sounds a timely note of warning against the danger of a peace "made in Germany," and insists that the only peace America will accept is one dictated by the Allies. In every talk he made in this county, the governor took that stand with vigor and positiveness and everywhere the people responded to his declaration with a genuine outburst of patriotic enthusiasm; and you could see their jaws set a little more firmly when they applauded. "Lick the Hun first" is the sentiment that appeals to the people of Riverside county.

Outspoken as the governor was in the peace issue, he was equally positive in the statement that we must stand loyally by President Wilson and give him our unwavering confidence and support. The governor urged that the president is in a position to know things that the people cannot know and we must not hamper his negotiations by ill-timed criticism.

The people of Riverside county, regardless of party, believe in Governor Stephens; and they will vote to "keep him on the job" by an overwhelming majority.

Hamilton's Sayings
From the Milwaukee Wisconsin

The two sayings of Alexander Hamilton which were selected for inscription on the monument in memory of that great American statesman which has been set up in Chicago are worthy of his fame, and so is the monument, if confidence can be placed in published reports.

The memorial, paid for out of a bequest in the will of Benjamin Franklin Ferguson for statues of worthy men and women of America, was the work of the late Bela Lyon Pratt. It stands in Grant Park, between Madison and Monroe streets, and was unveiled with appropriate ceremonies last Saturday. Hamilton's statue, of heroic size, is of bronze, set against a background of gray stone with panels on which are carved these words:

"Liberty may be endangered by the abuses of liberty as well as by the abuses of power."

"The established rules of morality and justice are applicable to nations as well as to individuals."

Liberty may be endangered by the abuses of liberty! The rules of morality and justice are applicable to nations! These are admonitions as pertinent today as they were when they came fresh from the pen of their distinguished author, whose memory deserves to be cherished with that of Washington and Jefferson and Franklin as one of the Fathers of the Republic.

When the Old Man Signs Up
From Stars and Stripes, France, Sept. 20

They're taking them up to 45 now. Let's see, the old man was only 44 his last birthday—say, wouldn't it be a joke if they got him over here, too?

There wasn't a much prouder person in the whole U. S. A. when Victor Melchizadek, Jr., got his commission something over a year ago. But what will Victor Melchizadek, Jr., think about it when, looking over the latest bunch of replacements, and wondering what in hell they've sent him now to make soldiers out of, he sees the old man there, trying to look the part of the middle-aged Napoleon he isn't?

They're taking them up to 45 now. Let's see, was the old man only 44 on his last birthday—or was it 45? You try to remember whether he was born in '73 or '74. And one minute you're rather wishing it was '74, and the next you hope it was, after all, '73.

Still, even if he's three times as old as Methuselah, he hasn't seen such a show as this in all his 2907 years of existence. Why not let him in on it?

St. Mihiel
From Stars and Stripes, France, Sept. 20

The reduction of the St. Mihiel salient is a great feat of American arms. We can frankly say so because our allies have frankly said so before us.

But, more than that, it is significant because it is the answer to wearying months of preparation, of training, of endless toiling in base ports and throughout the reaches of the S.O.S., of interminable weeks in quiet sectors, of sharp clashes with a foe swollen with success, not willing to be checked, but checked just the same—of all that goes to make a great army ready for the greatest job its country has ever undertaken.

It is not a case of "all over but the shouting." There will be bitter days before the time for shouting comes. But St. Mihiel is a flying start. It is proof that America is in the war, heart and soul—and muscle. It is America's finest answer—ahead of time—to Austria's German-inspired bid for peace.

League of Nations In Prospect
From the Pasadena Star-News

President Wilson is an ardent advocate of a league of nations to preserve the peace of the world. He insists that this compact shall be made at the time that peace is concluded, ending this war. He is not content to leave a matter so vital to the welfare of the world to the uncertainties of the future.

Entente nations are voicing approval of this, through their leading statesmen. The wonderful possibilities of a league of the great powers for this purpose are patent. Should a world pact of this nature be evolved from the peace councils that shall end this war, mighty strides will have been made toward the banishment of warfare from the earth. It is well that Americans should think upon this and crystallize sentiment strongly in its favor.

\$4000 RED CROSS SHOP RECEIPTS SINCE MARCH

The citizens of Santa Ana have indirectly given \$4000 to the Red Cross. On a day early in the month of March the Red Cross Shop was opened in the Armory. The donations of clothing, furniture, bric-a-brac, etc., came in rapidly.

Soon \$1000 was raised from the sale of these articles and the shop committee proudly wrote the first check for \$1000 and presented it to the Red Cross Society. Another and yet another check of like amount followed, and on Saturday, October 12, the fourth check was written, making the total of \$4000, in exactly seven months from the day the shop opened.

The shop committee is not taking all the credit for this wonderful success. You, citizens of Santa Ana, by your generous donations, have made this possible.

Since the Belgian drive for clothing the donations to the shop have necessarily been limited, and the store is growing small. The shop, too, made its contributions to this worthy cause. The future success of the shop depends on the generosity of the people. If you have not already presented the shop with some useful article, will you not do so now? If you have in the past been generous, will you not kindly remember that there is still the same need? Daily, patrons are turned away, because there is no more clothing for them to buy. Also furniture, dishes, fruit, vegetables, flowers—anything you send may be turned into money.

Help to swell the sum to \$5000; by the new year.

The shop is closed for a few days. Please hold your contributions until it is open. Then let us all PULL together for another \$1000.

JOB WITH INTERNAL REVENUE IS OPEN

Internal Revenue Collector John P. Carter, Sixth District of California, Los Angeles, states that his department of the Government service is very desirous of securing qualified persons for the position of deputy collector, inspector and agent under the Harrison Narcotic Act. Appointments to this position must be made from the Civil Service eligible list and an examination is advertised for applicants on October 22, 1918. Entrance salaries for vacancies in the Internal Revenue Service for this position are filled at \$1600 per annum, together with actual traveling expenses when away from post of duty, and there is an opportunity for promotion to \$2500 per annum. It is suggested that everyone interested in this examination should at once communicate with the secretary of the United States Civil Service Commission, Federal Building, Los Angeles, for further information regarding same.

DELTA ALPHAS MEET

Miss Iva Hamilton Hostess to
Class of First Meth-
odist Church

Miss Iva Hamilton of West Fifth street was the popular hostess last evening to about twenty members of the Delta Alpha class of the First Methodist Sunday school. Several visiting strangers were welcome guests. A business session of more than usual interest was held, with Mrs. Pearl Morse in the chair. Prayer was led by Mrs. Zoe Williams. Various committees reported and the treasurer's report showed a goodly sum still on hand, after sending \$60 for the education of a Spanish boy in the Gardena school.

After adjournment, most of the company busied themselves with Red Cross work, while Miss Iva Hamilton favored with a much appreciated piano number. Miss Cora Craig pleased with a reading, and several of the girls gathered around the piano and sang war songs, with Miss Minnie Wild as accompanist.

An entertaining contest game was introduced by the hostess. The guests were asked to write as many words as possible in fifteen minutes by using the letters in "Star Spangled Banner." Mrs. Pearl Morse proved an adept at this, writing over eighty words and capturing first prize, a silk flag.

Miss Mattie Smith wrote only a few words less and was consoling with a second prize, which proved a mirth-producers.

The hostess served delectable refreshments of ice cream and wafers.

BUY A BOND

Here in our land of freedom
We're liberty and love,
With flowers of joy forever
Blooming 'neath the sky above.
A great bright starry banner
Ever floats upon the breeze,
And whispers love to all the world
While there, across the seas
Stand those who love their em-
blems
As much as we love ours,
Their heads are bowed in sor-
row—
O'ercome by tyrant powers,
God gave us all the right to live,
A love for liberty;
Yet how can we enjoy it all,
While there across the sea
The mothers' outstretched hands
do plead
And children cry in vain,
For, there upon the battlefield
They see their loved ones
slain.
Can we enjoy our plenty here,
While there, for Freedom's
sake
Our own dear boys are dying
now—
Can't we our burdens take?
Then buy your share of bonds
today,
And help to end this war—
And by the help of God above,
'Tis peace forevermore.

MEETS AT VILLA PARK

Miss Minnie Terrell Hostess
to Emma Samson Chapter
Yesterday Afternoon

Miss Minnie Terrell of Villa Park was the charming hostess to Emma Samson Chapter, U. D. C., yesterday afternoon. The pleasant rooms were decorated with beautiful pink dahlias and roses.

At the business session, Mrs. H. W. Head, chapter president, presided. Delegates were elected to the general convention, held at Louisville, Ky., were Mrs. Lucy Evans and Mrs. Alice Turner, alternates, Mrs. Eva Stedman and Miss Minnie Terrell.

Much interest and pleasure were added to the meeting by generous contributions to the Liberty Bond, which the chapter treasurer was instructed to buy.

After generally good reports of the chapter's affairs, the meeting adjourned to meet with Mrs. Docia Lockett at Greenville, the third Tuesday of November.

Dr. Head and Judge O'Brien favored the chapter with interesting talks. Emma Samson chapter extends a standing invitation to all veterans to all meetings.

Mrs. O'Brien was received into and introduced to the chapter in a neat little speech by Mrs. Victor Montgomery, to which Mrs. O'Brien happily responded.

Piano music by Mrs. Stedman and singing of old southern songs, the chapter joining in the choruses, were enjoyed, after which Miss Terrell, assisted by her neighbors, served refreshments beautifully decorated with small American flags. Twenty-two ladies were present.

SURPRISE SHOWER

Miss Mildred Holden, Popu-
lar Bride to Be, Honored
Last Evening

Mrs. O. V. Dart and Miss Velda Teel gave a very delightful surprise party last evening in honor of Miss Mildred Holden, who this week will wed Robert Blakemore of Los Angeles. Mrs. Holden and Miss Mildred were invited by neighbors to supper and also to spend the evening. While there the young lady was enticed away long enough to give the guests a chance to enter the home.

Later on the girls returned and Miss Mildred was told to go and practice for her wedding. She came over and bravely took the key, unlocked the door and as she turned the lights on various noises were heard, which so frightened her she ran around the house and was finally coaxed back by some of the guests.

The guests had hidden parcels in the various rooms and while Miss Elizabeth Wardlaw played the wedding march, Miss Holden hunted them, bringing them back to the center of the room. After all the presents were gathered she sat down in the center of the room and opened them. A few tiny jokes were found which caused much merriment, and Miss Holden made a pretty response.

She gave the girls a treat by letting them investigate her hope chest, which caused much interest.

Little Master Ditchey presented her with a very beautiful bouquet.

Delicious refreshments were served by Mrs. Holden and Mrs. Wardlaw.

Those present were, besides the hostesses and honoree, Misses Nellie Wardlaw, Hazel and Ethel Newman, Elizabeth Parslow, Stella Ditchey, Ruth Pease; Misses M. E. Wardlaw, A. E. Parslow, Ward Ditchey and daughter Carlene, J. A. Holden, B. G. Patton; Masters John Parslow and Charles Ditchey.

Knights and Ladies Install

The officers of the Knights and Ladies of Security were installed last evening at the home of the secretary, Mrs. Olive Lopez, 211 South Birch street. The rooms were brightened by some of the magnificent dahlias from the home of Mr. and Mrs. W. J. Morrison.

The officers are as follows: President, J. C. S. Garrick; first vice-president, Mrs. Mary Whitson; second vice-president, B. G. Metz; prelate, Mrs. Kate Morrison; secretary, Mrs. Olive Lopez; financier, W. J. Morrison; cor. ductress, Mrs. Rosa Morrison; guard, Mrs. Mary Kramer.

The president read an interesting letter from the supreme president, stating that he would see that a district manager would be sent here to secure some new members for the lodge, which is one of the best fraternal organizations in the United States and one of the very few which did not have to raise its rates. A letter was also received urging that members vote against the social insurance proposition, No. 20 on the November ballot.

After routine business had been disposed of, brick ice cream and cake were served the members and a social hour enjoyed.

Queen Esther Doubles Membership

Mrs. P. A. Robinson was pleased to keep her promise of a dinner to the members of the Queen Esther Circle of the First Methodist church if they would double their membership. They did so and now number thirty-six members.

The dinner was given on Monday evening, an honored guest being Mrs. Frank Monroe, of Orange, district secretary of Queen Esther work, who after the three-course dinner, gave the girls an interesting talk. Twenty-five were present to enjoy the event. The tables were decorated in pink flowers.

Red Cross Menu

The menu for tomorrow consists of fried Belgian hare, country gravy, pot roast and brown gravy, fried noodles, mashed potatoes, sweet potatoes, Spanish lima beans, plain cabbage salad, celery cabbage and pepper salad, potato salad; lemon pie, raisin pie, apple pie, cream pie, all homemade; baked tapioca stuffed apples, baked stuffed apples a la mode, tea, coffee.

Spurgeon Junior Red Cross

Eighteen women gathered yesterday afternoon at Spurgeon school to work for the Junior Red Cross and the result of their labors was the tying of four "comfy" quilts. Another feature was the collection of the goodly sum of \$24 which will go towards the purchase of a Fourth Liberty bond, to which the children of the school and others interested will be allowed to contribute.

SUPPER FOR CLASS

E. W. Gommel Entertains for
Boys of Evangelical Sun-
day School Class

The boys of the Bible class of the Evangelical Sunday school were very pleasantly entertained at supper last evening at 7 o'clock at the home of their teacher, E. W. Gommel and his wife. The supper table was prettily decked with white roses.

After enjoying the appetizing meal, the boys passed the evening hours with lively games and listening to phonograph music.

Mr. and Mrs. Gommel were presented with a handsome casserole and aluminum stew pan.

Those who enjoyed the hospitality of their teacher's home were Willard Lutz, Ray Roberts, Paul Andres, Carl Opp, Carl Schroeder, Ezra Sauerman and Clarence Hoefler.

NEWS IN BRIEF FORM

Clinton Imes, familiarly known as
"Red," left yesterday for San Fran-
cisco with the intention of joining a non-
combatant regiment of engineers to be
composed of men between the ages of
45 and 55. In his younger days, Imes
was in the regular army, and again he
was in the Spanish war. Several
months ago he tried to get into the
tank corps, but he was turned down
because he was over 40.

NO OFFICIAL NEWS IS
RECEIVED BY PARENTS

No official word has been received
by F. E. Morgan, 1643 West Twenty-
first street, Los Angeles, confirming
the report of the death of his son,
Roy Morgan. In fact, the only word
that has been received from anyone
comes in a letter received in Santa
Ana from Paul Tucker, who wrote
home to his parents here that "Roy
W. Morgan got blown all to pieces."

Roy Morgan was a resident of Tustin,
where his parents lived until a short
time ago. Yesterday F. E. Morgan
called on the long-distance telephone,
asking the Register if any further
word had been received concerning
his son. He was told that so far as
known here, the only information re-
ceived was in Paul Tucker's letter.

The father said no official notice had
been received by him, and that he had
no other information that had come
through the letter from Paul Tucker.

"I BELIEVE IT SAVED
MY LIFE," SHE SAYS

Former Trained Nurse, Graduate of
Bellevue Hospital, Gains 25
Pounds Taking Tanlac

One of the most interesting of the
many remarkable statements yet made
in connection with Tanlac was given
by Mrs. Marie J. Howard, who resides
at 409 Westlake Ave., North Seattle,
recently. Mrs. Howard has been a
resident of Seattle for the past eight-
teen years, and before her marriage,
was a trained nurse and a graduate
of Bellevue Hospital, New York.
When asked if she would be willing
for her statement to be published, she
said, "Yes, indeed, and you may start
it by saying I believe Tanlac has saved
my life."

"I have suffered from stomach
trouble and disordered liver and kid-
neys for five years and had gotten in
such a bad condition, that I honestly
felt like I was going to die. Every-
thing I would eat fermented in my
stomach and the gas formed by it
would cause my heart to palpitate so
my breath would almost stop. There
were intense pains all through my
back about my liver and kidneys and
I can't begin to tell how I did suffer.
I had fearful headaches and was
so nervous I hardly knew what sleep
was. I was often down in bed for a
week at a time, hardly able to raise
my hand. Then I would manage to
stay up for two or three days, but
would have to give up and take to
my bed again. I would often go for
two or three days without eating a
mouthful of anything. I lost weight
right along and am telling the positive
truth when I say I was in such
an awful condition that I thought I
was going to die."

"After reading and hearing so much
about Tanlac I bought a bottle, think-
ing if it did others so much good, per-
haps it might help me, too. Well, it
has not only helped me, but I have
actually gained twenty-five pounds
since I began taking it and have
never felt better in my life. My ap-
petite is good and my stomach in
such a splendid condition that I can
hardly eat enough and I don't suffer
a particle afterwards. All my pain
and misery is gone, my kidneys and
liver are acting splendidly and my
nerves are perfectly strong and nor-
mal. I sleep every night like a
child, and don't know what it is to
have a headache. My husband has
also taken Tanlac with wonderful re-
sults. In fact, I think it has done
him as much good as it has me, and
we both consider it the finest medi-
cine made."

"Tanalac is sold in Santa Ana by
Rowley Drug Co., in Fullerton by G.
W. Finch, in La Habra by R. H. Hil-
bert, in Huntington Beach by Rigdon's
Pharmacy, in Orange by Dittmer's
Mission Pharmacy, in Placentia by A.
J. Robinson, in Tustin by Tustin Drug
Co., and in Brea by Brea Pharmacy."

COUNTY RAISES ITS BONDS TO \$100,000

Yesterday afternoon, after further investigation into the county funds, it was decided by the Board of Supervisors that the county should and would invest \$100,000 in Fourth Liberty Loan Bonds. At the morning session it was decided to invest \$75,000. Later Supervisor William Schumacher of Buena Park reported that there is \$25,000 in the third road district fund that he would like to have put into bonds. That makes the county's total \$100,000, all to be distributed among the banks of the county according to their quotas.

Asking Permits

The chairman of the county board was authorized to sign petitions for the county for the completion of the construction of the road now being built in the Santa Ana canyon and also the completion of the Brea-Olinda road. While these jobs were under way before the War Construction Board orders went into effect. There is little question but that the permits will be given.

Board Actions

The board rejected the one bid it had received for the paving of Edinger street. The city had rejected its portion of the proposed paving. It is not believed that a permit for the paving could be secured now from the war board.

Constable J. T. Combs of San Juan Capistrano township was given a leave of twenty days from the state.

Supervisor Leck was given permission to do between \$500 and \$1,000 worth of grading at Boat canyon between Laguna Beach and the Palisades.

George Baier was granted a fumigator's license.

DELHI WATER SYSTEM INVOLVED IN ACTION

The Delhi water system is not what Fred Devenney thought it was when he bought it from John E. Otto. That is the basis of an action brought in the superior court by Devenney against Otto.

The complaint, filed by Attorneys H. C. Head and B. E. Tarver, says that Devenney paid \$1480 in cash and gave \$2500 in notes for a piece of land and the water system. He says that Otto misrepresented a good many things in relation to the water

system. He says that Otto said that part of the year no pumping was necessary, that the well was artesian most of the time. Instead of costing \$3 or \$4 a month to pump the water, Devenney says it costs \$15 to \$20; that users do not come to him to pay their water rent, but he has to look them up, and on account of trouble in the system they have been frequently refusing payment.

Devenney says that the Southern California Sugar Co. disconnected its well from the pipeline, and Devenney has had a lot of trouble supplying water.

Devenney asks the court to give him judgment for \$1480 paid and rescind the notes given Otto by Devenney.

FORD IS SUING CONE FOR \$4411 DAMAGES

George W. Ford, well known rancher, has brought action against T. B. Cone, well known stock dealer, for \$4411. H. G. Ames and H. C. Head are Ford's attorneys in a complaint filed in the county clerk's office today.

It is alleged that Ford and Cone entered into a verbal agreement whereby Cone took over property that belongs to Ford. Ford says that Cone failed to dig up a lot of eucalyptus stumps, failed to plant sweet potatoes where the gum grove had stood, failed to level the land in accordance with the agreement, and otherwise did not come up to the terms of the agreement that Ford alleges was made.

Mabelle Hamler of Anaheim has petitioned for an order terminating joint tenancy interest of David M. Hamler, her husband, drowned at Anaheim Landing, in property at Anaheim. Leonard Evans is attorney for the plaintiff.

A warrant has been issued for the arrest of Fred Barker on a charge of battery upon Maude Barker.

Minnie Babcock of Colorado has brought suit against Sheriff C. E. Jackson, alleging that he sold under execution an automobile on which she had a \$750 mortgage, recorded in Colorado. The automobile was attached in relation to a damage suit resulting from an auto smash. The sheriff's act is protected by a bond given by one of the litigants.

DEFENSE BOARD RE-ORGANIZING UNDER STATE COUNCIL

Each War Activity Head Is to Be a Member of the County Board

MEETINGS WILL BE TWICE EACH MONTH

Increased Authority and Responsibility Given Through the State

The Orange County Council of Defense is being organized under the new plan given out by the State Council of Defense, under which each county becomes a division of the state council. A number of new members have been added to the county council, and others will be added within a short time.

Under the new plan, the County Council of Defense will meet the first and third Wednesday of every month, at 3 p. m. Closer touch and closer control of war activities in the county will be maintained.

The original council was composed of Judge Z. B. West, chairman; Judge W. H. Thomas, Sheriff C. E. Jackson, Supervisor T. B. Talbert, District Attorney L. A. West, Rev. A. T. O'Rear and the horticultural commissioner now E. L. Morris.

There came an order to the effect that any man running for office must resign, and Jackson, Talbert and L. A. West resigned. On recommendation their places were filled by the appointment of J. C. Burke, who became secretary, and T. E. Stephenson of Santa Ana, and Adolph Dittmer of Orange.

Recently, the state council laid down a plan for an enlarged county council in each county of the state, and Orange county's council is being enlarged under that plan. All of the principal war activities are to be represented. Commissions to members of the county council come directly from Charles C. Moore of San Francisco, director of the State Council.

Activities Represented

War activities now represented include: Liberty Loan, R. L. Bishop; Red Cross, T. E. Stephenson; women's activities, Mrs. A. J. Lawton; fuel administration, A. J. Crookshank; food administration, C. S. Crookshank; War Savings Stamps, A. J. McFadden; priorities construction, John Cubbison; speakers' bureau, W. H. Thomas, Rev. O'Rear, E. L. Morris and A. Dittmer are on the council. Judge West is chairman and J. C. Burke secretary.

The council has been asked to make recommendations for the appointment of committees of three on war donations, on fire protection, or the Stanislaus plan, on commercial economy, the chairman of each of these committees to be on the county council. Recommendations on the meeting of the county council yesterday, as it was found advisable to consider the matter for a few days. Soon a meeting for recommendations will be held. Suggestions for recommendations for the fire protection committee were asked of the fire insurance agents' association of the county.

The secretary is to write to San Francisco to get further detailed information as to the duties and powers of the war donations and the Stanislaus plan committee. The war donations committee is to have charge of granting all permits for war benefits of every kind. Under an announced plan by the state council, 100 per cent of all money taken in must go to the beneficiary. This committee may represent the Y. M. C. A., K. C. and similar organizations.

The Stanislaus plan calls for an organization of men who will agree to

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty In a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderline.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderline at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderline. If eventually—why not now?—Adv.

Americanization Head
George H. Randall of Santa Ana was recommended for appointment as head of the Americanization committee for Orange county. This work is to be largely among the Mexicans with a view to bringing them to a better realization of their duties to America. The commercial economy committee that is to be appointed is to work among merchants of the county to put into effect plans for once-a-day co-operative delivery systems, uniform closing hours and other similar movements.

Under authorization given the state council and through it the county councils, extensive powers are given to the various committees.

Other departments of patriotic endeavor that are still to be represented in the county council include "work or fight," war history, and information bureau.

Under the new plan each committee chairman must file a written report at each meeting of the county council. A copy of this report will go to the state council.

SCHOOLS WILL NOT CLOSE IN SANTA ANA AT PRESENT

That schools will not close in Santa Ana was announced yesterday at the special high school assembly. City Health Officer Clark says that there are no real cases of influenza here and no danger. Those who have colds should stay home in order to avoid any spread of the epidemic.

Precautions to be taken are those of cleanliness particularly. Another is the careful use of the handkerchief.

Miss Watson announced the Gray-Lehvonne concert for Friday night. All should go and hear Estelle Gray, who has played before kings and queens and has delighted them all. Everyone can understand her music.

Lillian Martin talked about the adoption of French orphans in the school. One French class supports a little girl whose father was killed in the battle of Verdun. Three months after his death a baby was born in the family and this one was also adopted by one of the classes. It only costs \$36 a year to care for one orphan. Fourteen were adopted last year. Seven have been readopted and it is hoped that the other seven may be readopted and that seven more will be added.

Margaret May announced that the music department had an orphan and she read a letter coming from the little French girl. In the letter the child said that Americans were brave soldiers and she hoped the war would soon be over.

Verdelle Breckenridge gave instructions about the Athena dues. Dues can be paid all this week. A big organization is wanted this year.

A short address by Rev. Roadhouse, County Y. M. C. A. secretary, brought a sense of duty to students and teachers. Roadhouse said, "How disgustingly disappointed the Hun must be. He is so far beneath our contempt that we should never stoop to bestow it."

He said that words would fail to appreciate the French people. The German has been as close to Paris as he shall ever be.

Among the army of French children are kings and queens who need no crowns.

He told his audience that when the big question comes before you to believe in sin and believe in a remedy. What answer are we going to give to the French people? In what are they going to believe? In the American people?

The old eagle perches on the mountain top and when a storm arises he beats his way above it and lives in the sun. The eagle is our emblem. Carry to the French hope and sunshine. Show them how to rise above the storm. Give them some one in which to believe, by giving at least something you will never miss.

At the close of his fine address Mr. Roadhouse said, "The war is great. God is great, but He cannot feed French orphans without you."

The French national hymn was played by the high school orchestra, and the Star Spangled Banner was sung by the school, the girls standing at salute and the boys at attention.

A vocal solo was rendered by Ada Mae Sharpless.

MASTER LIST HERE; SOON ANNOUNCE THE POSITION IN DRAFT

This morning the local draft board received its master list by which the position of registrants of the September 12 registration in the draft will be determined. Clerks today began the work of getting up the list, and within a few days the list will be made up and ready for announcement.

Word was received today by the local board that Charles Wallace of Orange had been discharged from the tank corps at Camp Colt, Gettysburg, Pa. Physical disability was the cause.

The local board has set no date for physical examinations, which were set for today but which were called off on account of the grip epidemic.

Questionnaires with agricultural and industrial claims in them have not yet been sent to the appeal board. They will be sent immediately after order numbers are determined.

Reports received today from the appeal board show that Henry J. Wichman, Anaheim R. D. 3, remains in

“A Dollar In Bonds Buys Bomb to Send Hun to Hell”

SANTA ANANS PUT 50,000 BRUTES OUT AT PARK LAST NIGHT

Community Sing Has Real Pep, With Fine Pro- gram of Music

“A dollar buys a bomb that will send a Hun to hell,” declared Captain H. F. Taylor last night at Liberty Park, and taking that as a basis people of Santa Ana at the park last night made a killing of 50,000 Huns. As near as could be estimated \$50,000 was subscribed by those in attendance, individual subscriptions running from \$50 to \$5000.

The community sing was full of pep and the extraction of the evening was beyond the anticipation of those directly concerned with the amount of subscriptions that would be taken during the evening.

It can be said without contradiction that it was one of the best of the community sings yet held, in point of pep, interest and musical features. Cheer after cheer was given for different people who came forward with liberal subscriptions and who have bought freely before. Many clubs were made and carried to a successful conclusion on the spot. Charles McNaught was the man who made the largest subscription of the evening, investing \$5000 in the Government securities, first taking one of the ten \$5000 subscriptions needed to match the offer of James Irvine to take \$50,000. He came forward a second time with a \$1000 subscription in matching a \$1000 club offer. His third trip was to subscribe \$500 for his wife in completing a woman's club of ten \$500 subscriptions to match Dr. Mabel Vance Tremain.

The evening opened with the assembly singing “America” and “Keep the Home Fires Burning,” with Harry Garstang as director. As Captain Taylor and a flag squad of the Seventeenth Separate Company took seats on the platform, they were greeted with a burst of applause. Chairman Bisby took occasion to say that “this is a time when our flag is being recognized all over the world. Believe me, I am glad it is my flag.”

The glee clubs of the high school, one composed of boys and the other of girls, were greeted heartily in their chorus singing.

Walter Eden, always a popular speaker, received an ovation when he stepped to the front to address the people at the request of Bisby.

Big Things Yesterday

“The monument today was moved a couple of blocks,” said he. “Things have been doing here today in this old town. Things have been doing over here as well as over there. We have been getting good news. We sent our boys on a mission over there—the greatest mission any army was ever put into the field to carry out. A few weeks ago these boys at Chateau-Thierry demonstrated to the world that they were able to cope with the kaiser's most expert and veteran soldiers.

“We knew before they went what

\$100,000 MARK TO SHOOT AT SET BY JAMES A. TURNER

Chairman Bisby and his co-workers in the loan drive have a big proposition on their hands, and when they accomplish it the city will be over the top.

J. A. Turner, of the Farmers and Merchants' Bank, has secured \$100,000 subscriptions among his friends, and these are to be matched with \$100, \$500 and \$1000 subscriptions.

“It will be matched,” said Bisby last night at the community sing. “You know why? Our boys over there believe in themselves. I believe in the people of the city of Santa Ana. I have not worried over this loan at all. I never have had any doubt but that the citizens of this city would meet the demand made upon them by the Government for their financial support.”

And now it is up to Bisby and his workers to get that \$100,000 to match Turner and they have got to raise several \$5000 subscriptions to meet the offer of James Irvine. It must be done by Saturday night.

You men with \$5000 to invest report to Bisby. Ditto the women. The Seventeenth Separate Company, National Guard of California, has thrown out a challenge to corporations, church or fraternal societies, to match it with \$500 subscriptions.

They would do, but the kaiser and his people needed to be shown, and ever since the Huns started back for home in a general retreat, our boys have stood in the front line and have done all that we would have them do. We are proud of them.

“News now comes back to us that the kaiser's army is on its last leg. But because we have them on the run is not reason why he should lay down. There is all the more reason why we should march on and keep his army in route. The more the enemy turns his back to us the less number we will lose of our men.

“The way to do that is to stand behind our boys and keep up our end here at home, so that the Hun may not have a breathing spell. We should keep our men supplied with everything they need—ammunition, ships, field guns—everything they need to carry out the mission you and I sent them there to perform.

“Let us remember Kaiser Bill and outraged Belgium, France, the Lusitania, and Edith Cavell, the Lusitania. Let us remember the German frightfulness on land and sea, and not slacken at this time. Let us do our whole duty to back those gallant boys of ours.

“How many of you have boys you are waiting to welcome home? How many are keeping the home fires burning? Aren't you proud to know that your boy is not a slacker?

“Will we permit ourselves to become slackers by failing to subscribe our full quota of the Fourth Liberty Loan? Will we let such news travel all over this world, that this community is a slacker and that it is not back of the boys over there?”

Following this address time was devoted to raising subscriptions and it was at this point that the completion of clubs and the formation of new ones was announced by Bisby. The results were satisfactory.

Captain Taylor Talks

Captain Taylor was introduced as a real commander of a real tank. He launched into his subject without preliminary remarks further than to say that he was known to a number of Santa Anans, whose acquaintance he

had made during a visit to the Southland about a year ago.

“I was in France for three years,” he said. “I had the honor to be one of the first men called from England. I had the honor to command the Britannia on her first trip at the battle of Loos. I set out with eleven men, six gunners, three engine men and two on lookout. We were in action for fifty-two hours straight. We had 670 rounds of ammunition. We lost our command and were completely surrounded by Huns. We worked without water and food, but we brought back 292 prisoners. Four of my comrades were dead in the tank. Two were exhausted, three were in no condition to labor—and yet we brought in those great big men who had been killing women and children. We could do it because we were fighting for the women and children not only of England, Belgium and France, but of the United States.

“I could tell you of many harrowing scenes I have witnessed in Belgium and France. In August, 1915, I went with others to search a home in the battle lines. Snipers were everywhere. It was the home of a farmer. It was an old house, where there were two small rooms above where cattle were kept. Many homes in that country are located up stairs over the barn. At this house rope ladders led to the upper rooms. There on two small cots we found a mother and her two daughters—one of the latter being about 15 years and the other about 18. They were tied to the cots with rope, their arms and legs being tied. Do the ladies of this audience want me to tell them the full story? (Cries of no.) You may surmise the condition.

“The prevention of such outrages—that is the very thing that the boys of Belgium, England, France and the United States are giving their lifeblood to put an end to.

Leave Everything Behind

“I have seen cards posted by the Germans on the homes of people of captured territory notifying the occupants that they should be ready to move at 2 o'clock and to take none of their belongings except such as they might wrap up into a small bundle.

“You people in the United States don't know what war is—you will never know. There is not one square yard in the devastated regions where anything is growing. That is why we are asking you for money for this loan.

“Eighty-five per cent of the manual labor in England is performed by women—on railroad work, coal mining, agriculture, etc. If it were not for the women of England, France and the United States this war could not go on—they are the backbone of the boys over there.

“The Germans have been trying to put one over on the United States. Do you people believe that there can be peace until the Stars and Stripes, the Union Jack and the tri-colors of France wave in Germany? (Cries of no, no.) I have two boys buried under crosses over there. I am over sixty years of age, but I am ready again to take up my rifle and face any soldier the Huns can put up against me.

“Santa Ana is going over the top. A great many of you people in this audience have sons in France. Would you allow your boy to stay there in France and fight against the scientific methods employed by the full extent of your financial ability to provide money for equipping him for defending himself? Every dollar means a bomb that will send a Hun to hell.

God and Kaiser Separate

“If you want to serve God and the devil at the same time, I will tell you how you can do it. Do you want to know? If you put money into Liberty Bonds you serve God, for with that money our boys can be equipped to send the Huns to hell and the devil wants all the Huns he can get down there. You can do this and still be religious.

“The men and women of England have subscribed to their ninth loan, the amount being \$5,000,000,000. Sixty-eight per cent of the loan was subscribed by the working men and women of London. They already in Europe have sent 11,500,000 men to war and have casualties of 2,867,000.

“If you could see the mounds in France, marked only by the man's army pumbers—the man under one of those numbers has bought his last bond, he gave his life and he couldn't do more.

Glorious to Die for Flag

“What is more glorious than to die for that flag (pointing to the Stars and Stripes)? You cannot sacrifice enough for that flag. This democracy is going to be with the Union Jack and the tri-colors of France.

“Peace will come only when the Allies say there shall be peace—when the Hohenzollerns are out.

“Bernstorff said America would not fight. I saw those boys over there fight—and they fight like hell. I saw members of a railroad division come out of the trenches when we were surrounded and grab guns and go into action—and they fought like hell. When they tell you that the Yanks can't fight—why you ought to go over and see them.

“If you are not loyal enough to give them money and equipment to fight with, you are not 100 per cent American. I believe we are going to see the end of kaisers and emperors and we are going to have a democracy.

“Gott has severed relationship with the kaiser because Bill is too crooked. Before many moons there will be no Bill.

“You are going to supply the money. This Government is just like one big family. And wouldn't you help a relative out if he should come to you

and tell you he wanted to borrow money to pay his taxes? You are going to dig up the money. You are all children of the United States and your daddy wants to borrow money.

“Remember that \$10 down on a \$100 bond tonight will mean ten dead Germans.”

Needed Sleep

Mrs. W. L. Grubb, chairman of the Women's County Liberty Loan Committee, has been busy during the campaign, and made an appeal for women to help her out in filling the club started by Dr. Vance Tremain.

“I want to go home tonight and sleep—and believe me, I need sleep,” she said. In telling her experiences of the day, she said that she had met a woman who had already made two subscriptions. Mrs. Grubb asked her to take \$500 more. The woman said she didn't know where the money would come from—but she bought a \$500 bond. Another woman asked to duplicate the subscription said she did not know whether her husband would approve of it or not, but that she would take one. She was glad to pay the difference in interest between what she would have to pay for borrowed money and the rate paid by the government. Mrs. George Kryhl, Mrs. J. R. Goodwin and Mrs. William Innes were among the women who matched Mrs. Tremain last night.

Miss Ruth Tavis, the little daughter of Joe Tavis, rendered “Send Me a Rose from Homeland” in a most acceptable manner, and resulted in bringing forth a subscription for \$1000. Her song was designated as a \$1000 song.

J. P. Hatzfeld offered to take \$1000 additional if ten men would match him. C. P. Kryhl, Mr. Kaufman, Jr., William Innes and Charles McNaught joined the club.

Dave Kelly made a proposition that he would take \$2000 if nine others would match him. No subscriptions of that amount were taken last night, but Chairman Bisby gave assurance that the nine men would be found.

Then came an offer from Mrs. J. P. Hatzfeld that she would take a \$500 bond if nine other women would take similar amounts. Mrs. Blanche Forgy, Mrs. Charles McNaught, Mrs. Clare Johnson and Mrs. C. E. Jackson matched her.

James Nuckolls got a big hand when he appeared on the platform to sing the song written by R. H. Obarr and set to music by Mrs. Obarr. “I Love You, Sammy” is the name of the song, and it made a great hit with the audience. Mrs. Obarr accompanied the soloist.

Visitor Delights Audience

Mrs. C. C. Hurst, who is here upon a visit to her mother, Mrs. George H. Bunting, captivated the audience with her rendition of “Over There” and “Oh, How I Hate to Get up in the Morning.” She was called to respond to encores each time. Mrs. Hurst has been in a convalescent camp at Toronto, Canada, since 1915, leaving there about three months ago. She is en route to Camp Kearny, where her husband, a captain, is stationed, and where she will take part in entertainment features at the camp.

Following her last number, F. D. Roberts, a hard working man of the city, offered to take a \$100 bond if nine others would match him. When the efforts closed twenty-four men and women had matched him, making \$2500 subscriptions resulting from his proffer.

W. O. Codling started the \$50 subscriptions going, and fourteen or fifteen subscriptions were taken for this amount.

When Bisby put the question to the crowd as to whether another community sing should be held when the city goes over the top, there were roars of yes.

The singing of “America” closed the evening. —W. S. S.—

OFFICER, FORMERLY OF ANAHEIM, DIES OF PNEUMONIA

Second Lieut. Walter Spaeth,
U. S. C. Graduate, Dead
at Kentucky Camp

A Los Angeles report says that Second Lieutenant Walter Spaeth, well-known amateur actor and fraternity man who graduated from the University of Southern California with the class of winter of '17, died October 11 of pneumonia at the officers' training camp at Camp Zachary Taylor, Kentucky, shortly after he had received his commission.

Spaeth, it is believed here, is the same young man of that name who formerly attended the Anaheim high school and made quite a record as a debater in county and Southern California contests. He graduated from Anaheim high in 1912, and shortly thereafter his father, who was a pastor of an Anaheim church, moved with his family to Los Angeles. His parents, Mr. and Mrs. R. L. Spaeth, now live at Oakland.

“At U. S. C.,” states the Los Angeles report of the young man's death, “Spaeth belonged to the Theta Psi fraternity, played leading parts in many of the dramatic productions, appearing as Napoleon Bonaparte in the class play, and was a member of the Lance and Lute Honorary society.” —W. S. S.—

Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa.
"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

Holmdel, N.J.
"I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." — Mrs. Thomas Ellis.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

RECORD OF CALIFORNIA FIGHTERS BEING MADE

SACRAMENTO, Oct. 16.—The records of California men who help to make history in the world war are being recorded by the State Council of Defense. The council is preparing a card catalogue to handle the data. To date about 150,000 have been indexed or have volunteered in this state. As many more will be called in the new draft. Clippings from newspapers regarding California men will be saved and filed with the cards of those soldiers.

Casualty reports on California soldiers and sailors—there have been about 700 to date of which about a third are deaths—are being given particular attention.

The facts regarding soldiers who enlisted in the Allied armies prior to America's entrance into the war are being sought by the council to make records more complete.

California, it is believed, is the first state to undertake the keeping of accurate records of her sons in service.

OLD-TIME CHUMS MEET

LOS ANGELES, Oct. 16.—More than half a century ago Gilbert Bond and Edward Jordan were chums. For the last twenty years they have been living within a mile of one another. An accidental meeting here brought the men together.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

The Measure of Patriotism

In time of war patriotism is measured by sacrifice.

The man at the front gives up all - often life itself.

We at home are only asked to hold tenaciously to our "will to win".

Without our assistance the brave lad in France fights and dies in vain; a burnt and bleeding sacrifice for naught. Yet he is fighting to preserve your cause and my cause - - to defend the Land we Love.

The Fourth Liberty Loan offers you another opportunity to back up the boys in France - to "measure-up" - to show your "will to win". You are asked to serve, not by giving, but by lending your funds to your Country in its time of need.
